3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
4. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Groups II-IV and vice versa, restriction for examination purposes as indicated is proper.
5. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.
6. A telephone call was made to Mr. Bobowiec, Paul W. (Reg. No. 47,431) on 7/13/2004 to request an oral election to the above restriction requirement, but did not result in an election being made. Examiner has provided a formal election/restriction requirement.
